PAPERS INDEXED IN ISI WEB OF SCIENCE:

Papers published in ISI Thomson-Reuter indexed journals

12. N. Bonchis, S. Balint - Existence and properties of the optimal human capital and consumption evolution in the framework of Lucas model on finite horizon, when the number of workers is not normalized – *Proceedings of the Romanian Academy, Series A, Vol. 11, Number 3/2010, pp. 206–212*

14. St. Balint, L. Tanasie- Determination of the angles $\tilde{\alpha}_r(r,h,p)$ and $\tilde{\alpha}_i(r,h,p)$ appearing in the system which describes the dynamics of the outer and inner radius of a tube, grown by the edge-defined film-fed growth (E.F.G.) technique, *Nonlinear Analysis – Real World* 11(5)(2010) 4043-4053

54. M. M. Mihailovici, A. M. Balint, St. Balint – The axial and radial macrosegregation due to the thermo – convection, the decrease of the melt in the ampoule and the effect of the precrystallization –zone in the

**ISI EXTENDED PAPERS:**

doi: 10.1063/1.4765472

86. L. Braescu, A.M. Balint, S. Balint - Minimization of the surface non-uniformity of a thin single crystal sheet grown from the melt by edge-defined film-fed growth (EFG) method Editor(s): Callaos, N; Chavez, RH; Franger, S; et al. WMSCI 2005: 9th World Multi-Conference on Systemics, Cybernetics and Informatics, Vol 6 Pages: 115-120 Published: 2005 Conference Title: 9th World Multi-Conference on Systemics, Cybernetics and Informatics Conference JUL 10-13, 2005, Orlando, FL

89. E. Kaslik, A.M. Balint, A. Grigis, St. Balint - On the controllability of some steady states in the case of nonlinear discrete dynamical systems with control Editor(s): Callaos, N; Lesso, W; Sanchez, B. 8TH WORLD MULTI-CONFERENCE ON SYSTEMICS, CYBERNETICS AND INFORMATICS, VOL II, PROCEEDINGS Pag: 392-397 (2004) JUL 18-21, 2004 Orlando, FL

Papers published in journals indexed by other (not ISI) database

**MATHSCINET:**

140. Kaslik, E.; Balint, A. M.; Grigis, A.; Balint, St. The controllability of the “path capture” and “steady descent” flight of ALFLEX. Nonlinear Stud. 11 (2004), no. 4, 674-690. MR2100758 (2005g:93084)

**Papers published in other international refereed journals**

166. A.M. Balint, S. Balint - Propagation of the initial value perturbation in a cylindrical lined duct carrying a gas flow - *INCAS Bulletin 5(1) 2013, 29-36 (ISSN 2066-8201)*

168. **St.Balint** and A.M.Balint – An alternative flight control system for an unmanned aircraft whose flight control system fails during a longitudinal flight with constant forward velocity – INCAS Bulletin, 2(4) October-December 2010, 39-48. (ISSN 2066-8201)

**Other Scientific Papers Published in journals of universities from Romania:**

Papers in Proceedings of International Conferences (not considered above)

A.M. Balint, S. Balint - Propagation of the initial value perturbation in a cylindrical lined duct carrying a gas flow - Proceedings of the International Conference of Aerospace Sciences "AEROSPATIAL 2012" 11-12 October 2012, Bucharest, Romania, INCAS, Bucharest 2012, ISSN 2067-8614, p.359-365

16

237. E. Tulcan-Paulescu, A. M. Balint, St Balint - The role of the thermo-transport and heat loss in the axial macrosegregation Editor(s): Sunden, B; Brebbia, CA. *Advanced Computational Methods in Heat*

256. D. Guégan, St. Balint, M.C. Voicu -Stabilité asymptotique et domaine d’attraction du point d’équilibre dans le cas d’un système dynamique qui décrit l’évolution du taux de change - 5ème Colloque Franco-Roumain de Mathématique Appliquées, Constanta, 28 août –1er septembre 2000

Papers published in Proceedings of National Conferences with international participation (not considered above)
